

STAR is your personal academic navigational chart, designed to help you monitor your journey at KCC. Log on and use STAR to view your official transcripts, including transfer credits. Use it to determine how far you've come in your program and how much farther you need to go, and use this data in selecting courses for the coming semester. STAR also has a "what-if" feature that allows you to match your academic record against requirements in other KCC programs. STAR is a useful planning tool, but you should always consult with your academic advisors before making course and program decisions.

To access STAR:

1. Go to our KCC webpage <http://kapiolani.hawaii.edu/> and click on the MyUH Portal icon

2. On your personal MyUH page, click on "STAR Degree Check."

3. On your personal STAR navigational chart, view the menubar at the top of the page for your different options.

(Note: When you earn credits at KCC, a graphical representation of your progress will appear in the bubble.)
